

HUZAIFA SHAHBAZ

Computer Engineering

Phone: 03015606731 | Email: huzaifashahbaz767@gmail.com | Location: Rawalpindi, Punjab

PROFESSIONAL OBJECTIVE

Computer Engineering specializing in embedded systems and IOT development, equipped with a strong foundation in firmware development, circuit design, and software solutions and aiming to contribute to an entry-level engineering role that promotes innovation and creativity.

PROFILE

LinkedIn huzaifa-shahbaz-0aab8b230

TECHNICAL SKILLS

Programming: C/C++, Python, Java, Verilog
HDL, HTML/CSS, PHP, XML
Hardware & Design: PCB Design, Circuit
Analysis, AutoCAD, Embedded Systems
Platforms: Ubuntu OS, MS Visio, Figma

Development Tools: Arduino IDE, ESP-IDF,
Android Studio, VS Code, MATLAB,
Proteus, Xilinx Vivado
Databases & Networks: MySQL, Cisco
Packet Tracer, Network Design

WORK EXPERIENCE

Engineering Intern | MachaDev, Pakistan | July 2025 - Present Engineering Intern | RISETECH,
Pakistan | June 2024 - August 2024

EDUCATION

Bachelor of Science in Computer Engineering | HITEC University, Taxila | 2021 - Present
Higher Secondary Certificate | APSACS EME College, Rawalpindi | 2018 - 2021 *Academic Excellence*
Top 10% class ranking for four consecutive years

KEY PROJECTS

IOT-Based Air Quality Index Meter System
(Final Year Project)
Lung Segmentation from Chest X-rays
(Python, MATLAB)
Traffic Control System(Hardware
implementation, Xilinx Vivado)
4-bit Multiprocessor Design - Verilog HDL,
digital system design

Automatic Vehicle Speed Controller
(Arduino, Proteus simulation, embedded)
Prayer Alarm Mobile App (Java, XML,
Android Studio)
Online Library Management System -
MySQL, HTML, CSS, PHP
Speech Recognition System - Python
Banking Management System - C++, object-
oriented programming

CORE COMPETENCIES

Embedded Systems Development	IOT System Design
Firmware Development	Circuit Design & Analysis
Mobile App Development	Database Management
Digital Signal Processing	Hardware-Software Integration
